You will be joining our Community Transitional Services Program in Grey or Bruce Counties. If you have a reliable vehicle, and are committed to supporting people to achieve independence and community participation, contact us today!

### Why Dale Brain Injury Services?

Dale Brain Injury Services (DBIS) is an internationally recognized community-based rehabilitation organization that provides exceptional services to individuals and families living with the effects of an acquired brain injury. The objective of all of our services is to work with each client to maximize one's potential for independence, reintegration into the community, vocational and avocational success, and positive relationships. Simply put:

***We build futures.***

### The Role

1. Deliver one-to-one transitional support, rehabilitation and service coordination to individuals in their home or community.
2. Establish and maintain positive professional relationships with clients, family members, employees, professionals, partner agencies, and vendors.
3. Ensure that interactions with clients are therapeutic and supportive.
4. Practice principles of person centred support; act with compassion, dignity and respect.
5. Maintain accurate records and documents as per accepted standards and practices.

### What we're looking for:

- A degree or diploma in human services from an accredited college or university.
- Prior experience in community based human services delivery preferred but not mandatory.
- Functionally capable of supporting individuals with physical/mobility challenges.
- Capable of providing direct support to individuals with a range of service requirements including functional independence training, basic personal hygiene, support with medication, community access and housekeeping tasks.
- Functional awareness of acquired brain injury.
- Proficiency in the use of personal computers, mobile devices, standard business and productivity software (i.e. – Microsoft Office).
- Ability to problem solve and show initiative within an appropriate scope of practice.
- Proven ability to work effectively in a team setting.

**Successful Candidates will also:**

- Demonstrate effective oral and written communication skills.
- Be empathetic, energetic, resourceful and motivated.
- Have a valid class “G” driver’s license, and access to a personal vehicle.
